The Creation of the World And Other Business 276

The good neighbor needs a little something from you.

A little something called blood.

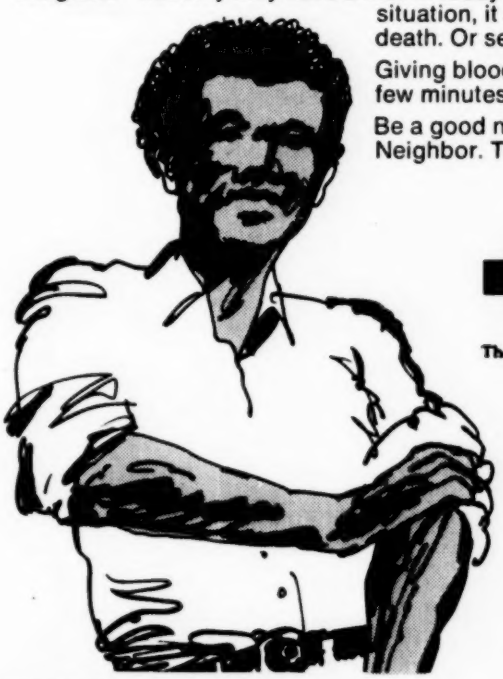
Sad to say, a mere **three percent** of all the people contribute **one hundred percent** of all the blood that's freely donated in America.

And that's not all. This freely donated blood is **ten times less likely** to cause hepatitis in the recipient than is blood from commercial sources.

So the blood you give to the American Red Cross—America's Good Neighbor—not only may save a life. In today's serious blood situation, it also just might prevent a death. Or serious illness.

Giving blood is easy, takes only a few minutes. Ask any donor.

Be a good neighbor. Help The Good Neighbor. Today.



the good neighbor.
